

Diagram D: Combining Textures

Rev: 8.02

To aid in specifying combined texture breaks: Please refer to the example below. Additional information can be found on the pages titled "Ordering Guidelines" and "General Information." Should you have any questions that are not addressed in these documents, please contact our Customer Service Representatives at 1.800.777.2332 or via e-mail at sales@ultraglas.com.

Example: The "Belair" Design (illustrated below) combines an undulating "UltraSea" DecraTexture with a more subtle ArchiTexture (usually an UltraSlate, UltraCrinkle, FlagStone or UltraClear). Textures may be combined in a virtually limitless number of unique combinations. Simply illustrate your vision --- we'll review your drawing(s) and call to discuss our thoughts or recommendations.

NOTE: Unless otherwise noted, dimensions are for example only.

ADDITIONAL INFORMATION: DON'T FORGET TO INCLUDE ALL NECESSARY DESCRIPTIVE INFORMATION (SEE BOTTOM OF DIAG. A)
